Well, it's one for the money,two for the show it makes  
no difference where I'll go Push injections in my skin  
To make my mission begin Needles to fly, needlefeast,  
Needles to die,needlefeast Gotta get inside, gotta get  
inside, needles to die needles to fly Burning up my  
hunger, lay it all to rest! Waking up my hostile pain, put  
it to the test When all is said and done I tell you I'm the  
one The one to reign supreme I'm like a brickwall I'm a  
solid player and I'm standing tall Who can make me fall  
On this very road...Needles to fly, needlefeast, needles  
to die,needlefeast Gotta get inside, gotta get inside,  
needles to die needles to fly  
Fly!Fly!Fly!

[Chorus]

This life I cannot face it,with the writings on the wall,  
this time - it's hard to face it As I'm screaming what am  
I  
Doing here ?!!

I bite the days like a suctionpump Another breath,  
another punch It makes me catch my breath Needles to  
fly, needlefeast,needles to die,needlefeast Gotta get  
inside, gotta get inside, needles to die needles to fly  
Fly! Fly!  
Fly!

[Chorus]

Before you steal my breath away I like to know if I was  
led astray Neurosis comes to me at night,It holds the  
truth cause I'm... one for the money, two for the show  
Straight to hell is where I go! [x3] Go!Go!Go!

[Chorus]

This life I cannot face it,with the writings on the  
wall,this time-it's hard to face it As I'm screaming...  
What am I doing here?!! [Repeat]
