Don't look for compassion as long as you  
Keep turning away  
It's all that matters to me  
When I try to puzzle your pain  
You struggle against yourself by living in the dust  
Can't you realize there's no one here who you can't  
trust  
May the gods have mercy on your bastard brain  
Hold on one more second my fatal one

Chorus  
Feeding angels with despair  
Flameouts reigning everywhere  
And you need it so, you just can't let it go away

I try hard to pull the strings of your life, adopting my  
Soul to figure out what's right  
Deep down I know you can make it shine  
-Save yourself and do not decline  
An acute manner for an acute self-destructive kind  
It is structured before your eyes  
You're so inferior and vile!  
A creator of demonized stress and steals the crown  
from  
The evil ones living in his mess

The remnants of his youth lies public  
Just if someone cares...  
-Swallow the bitter pill and justify!

Chorus  
Feeding angels with despair  
Flameouts reigning everywhere  
And you need it so, you just can't let it go away

So here you stand all alone  
Where is the face that I used to know  
Can't believe you never found out why?  
Why keep on hurting yourself

Your time is running out

I think ends right now  
Your time is running out  
I believe it stops right now

You struggle against yourself by living in the dust  
Can't you realize there's no one here who you can't  
trust  
May the gods have mercy on your bastard brain  
Hold on one more second my fatal one

Chorus

Feeding angels with despair  
Flameout's reigning everywhere  
And you need it so, you just can't let it go away  
(Repeat)
