(screaming)

Can you please remind me where the f\*\*\* I've been  
'Cause I can't find the odyssey  
So return into a battle place  
From a distant observation  
Corrosion of emotions  
Is how you clock your state

For scratch of revelation  
Which all been there  
Played it for someone to dare  
Instinct in all deceptions  
Brings you to your final collapse

Am I really an exception

(singing)

Withstood your lonely entertainment

(screaming)

Spoiling all this anger

(singing)

To blow your man someone we drag

(screaming)

From a distance  
Building all this out on flexible existence  
High for adrenaline and staggering lack of emotions  
You'll never face conclusions  
You will get what you want

Am I really an exception

(singing)

Withstood your lonely entertainment

(screaming)

Spoiling all this anger  
(singing)

To blow your man someone we drag  
Until you're lying making a statement

(screaming)

Sleeping in denial

(singing)

You're all wasting the time of your lives

(screaming)

Crawling, crawling you made it black  
Fear is selling and you're one with the fact  
Counting the days for rebirth  
Last ones together now it hurts

(singing)

Withstood your lonely entertainment

(screaming)

Spoiling all this anger

(singing)

To blow your man someone we drag  
Until you're lying making a statement

(screaming)

Sleeping in denial

(singing)

You're all having the time of your lives

(canon)

you're wasting - withstood your lonely entertainment -  
you're wasting - you're wasting - to blow your man  
someone we drag - you're wasting - until you're lying  
making a statement - you're wasting - you're all

wasting the time of your lives
