I bet you've had another downfall
It's time for me to get it right
You're takin' it, takin' it, takin' it, takin' it, takin' it too
hard
Don't hesitate to paint your walls with blood
It's in me, it's in you, don't you hold back the truth
'Cause I can't feel nothing without a confession from
you

We couldn't go on like this, you know
We shared a moment that refused to grow
We couldn't go on like this, you know
We shared a moment

'Cause I know we meant to never be afraid
But I knew impossible
We made our visions look like something that would
stay
So it's true, we closed the deal

I said to you, "Don't make it worse, no
It's time for you to make it right"
I let you rule my world back then, you know
I was blind, couldn't find
I was blind, couldn't find
The true essence of our lifetime without a confession
from you

We couldn't go on like this, you know
We shared a moment that refused to grow
We couldn't go on like this, you know
We shared a moment

We couldn't go on like this, you know
We shared a moment that refused to grow
We couldn't go on like this, you know
We shared a moment

'Cause I know we meant to never be afraid
But I knew impossible
We made our visions look like something that would
stay

So it's true, we closed the deal

You're saying to me

"How could you do such a thing?"

'Cause I've paid, every mistake

Building a void, impossible to replace

'Cause I know we meant to never be afraid

But I knew impossible

We made our visions look like something that would
stay

So it's true, we closed the deal, downfall's getting real
