Choking on nothing  
Hands turning cold  
The deeper the mind goes  
The deeper the hole

I'm reaching a point where  
No one else goes  
My fate seems to be split in half  
Can't control it at all

Words turn to ashes  
Comfort won't help  
Pointless to reach out  
I'm losing myself

All I know is I wish this could end  
Get rid of this feeling and stop to pretend

Let me try to understand as  
I've failed to be someone I'm not  
It's so real, I've been fooled once again  
I've been forced to feel

It's like I'm not present  
It's like I'm not here  
A voice calls with vengeance  
I am lost with the fear

Searching for meaning, searching within  
The lust that was broken has vanished again  
Feels like a set up with no one to trust  
The pictures I'm seeing won't leave till they're loved

So let me try to understand as  
I've failed to be someone I'm not  
It's so real, I've been fooled once again  
I've been forced to feel

And now I wonder what's become of me  
Is it the truth that was found?  
Whatever it is, I won't respect the sound  
Of giving things up

Choking on nothing  
Hands turning cold  
The deeper the mind goes  
The deeper the hole

I'm reaching a point where  
No one else goes  
My fate seems to be split in half  
Can't control it at all

Let me try to understand as  
I've failed to be someone I'm not  
It's so real, I've been fooled once again  
I've been forced to feel

So let me  
So let me  
So let me  
So let me  
Fuck [Incomprehensible]
