Once I lost it  
It took hold of me  
Once again  
Lost and left to see

What was there  
Wouldn't let me be  
Spoiled with misery  
Spoiled with energy

Let me be that one  
Who will rise and return from sleep?  
Give me strength to run  
Become one with the remedy

No regrets, no compromise  
Story will be told  
Won't reject the cure this time  
Let this river flow  
Let this river flow  
Let this river flow

As the river  
Meets the sea  
That's when the ghost  
Becomes my belief

Will it wash up?  
Serve in need?  
Bring the harvest  
Without greed

Bring the harvest without greed  
Bring the harvest, let me feel  
One for the core, one for the mind  
One by one, make me run

Let me be that one  
Who will rise and return from sleep  
Give me strength to run  
Become one with the remedy

No regrets, no compromise  
Story will be told  
Won't reject the cure this time  
Let this river flow  
Let this river flow

I will rise up, I will rise up  
I will rise up once again  
I will rise up, I will rise up  
I will rise up once again

I will rise, I will rise again  
I will rise, I will rise again

So clear to me yesterday  
So clear once for all  
It was there almost watching me  
Became one with the fall

What if the best of me  
Will say that I won't recall?  
If those empty witnesses  
Won't say nothing at all

No regrets, no compromise  
Story will be told  
Won't reject the cure this time  
Let this river flow  
Let this river flow  
Let this river flow
