Light, time is on my side  
Well, you better believe it's true  
'Cause you can't make me run

They call it life  
Covered till it makes you blind  
Do you wanna make the trip outside?  
Then you better start running

I won't let it distract me

Out, I can't believe it's true  
You better just shut it out  
They won't let me pull it through

Shut it out  
Can I push my luck on you?  
Don't shut me out, again  
'Cause you better shut it out

Define  
The shelter as the time goes by  
It will change you till you can't decide  
Now, you're left without nothing

I won't let you distract me

Out, I can't believe it's true  
You better just shut it out  
They won't let me pull it through

Shut it out  
Can I push my luck on you?  
Don't shut me out, again  
'Cause you better shut it

I feel it too, I feel it  
I feel it too, no, I can't see anything true  
Anything true

I won't let it distract me

Out, I can't believe it's true  
You better just shut it out  
They won't let me pull it through

Shut it out  
Can I push my luck on you?  
Don't shut me out

I can't believe it's true  
They won't let me pull it through

Don't shut me out  
Out, don't shut me out, again  
'Cause you better shut it
