Now the bombshell babies
See the world with brand new eyes
The day they were born
They couldn't get it right
Leavin' scars and agony
Gathered in a fatal colony

We've seen 'em fall one for all
Bitter and bright nailed to the wall
Closin' in as the terror's goin' blind
Ruthless and devastatin'
As our time just passes by

We've lost our patience and our belief
Dismantled and broken as the sirens shriek
(Shriek)

What can we do what can we do
What can we say what can we say
Our veins are filled with pure dismay

Starin' through the window's
Waitin' for all sins to be born
Playin' on a mindfield
Searchin' like never before

Now that our state of mind
Has left us broken and divine
We never meant to hurt ourselves
Signed sealed completely blind
There's a lack of foundation
A horrible scream of our nation 'cause

We've seen 'em fall one for all
Bitter and bright nailed to the wall

What can we do what can we do
What can we say what can we say
Our veins are filled with pure dismay

Starin' through the window's
Waitin' for all sins to be born

Playin' on a mindfield
Searchin' like never before

Starin' through the window's
Waitin' for all sins to be born
Playin' on a mindfield
Searchin' like never before
