"One with the Flies"

Now I'm one with the flies
Sucking up, breathing stops -
Rising up as the creature cries
for the very last time!
Can you see it, can you reach it,

as it climbs to the top of your spine
Such a healer, can't believe it
I'm left so far behind
Born to please, to release
Wide open and undefined
Crashing down in a velvet hall
Side by side
It suits your kind, cause you're one with the flies
Narcotic - injected, erotic - respected
Can you feel it, can you cease it
As it crawls to the top of your spine
Such a healer, self redeemer

(Reach out) And choke with me, reach out
I keep thinking that it seems like it's not fair
Down! Bring down this sheer submission
Down! You know you have to bring it
cause it's killing me
Down! Pitch black but unrefined
Down! Deranged from a mind pollution
Such a healer, can't believe it
I keep thinking that it seems like it's not fair
(Reach out) And choke with me, reach out

Down! Bring down this sheer submission
cause it's killing me
Down! Deranged from a mind pollution
Down! You know you have to bring it
Down!

You've spilled enough blood, you've wasted my life
Deceiver, believer - don't need you tonight
You know you have to bring it

Down! You know you have to bring it
Down! Bring down this sheer submission

Down! Deranged from a mind pollution
Down! And screw that common sense
Down! Fight back those limitations
Down! And screw that common sense!
