Chaos

You've been a friend for quite a while

Anger

You've been around for quite some time

I can't escape from it'

Love it

It eats me up alive

We're loveable

But still we're terrified

I can't escape from it

My heart is evicted

I gotta protect it

Don't you dare try to break it

I'm gone

My body is fragile

So please let me rest now

Don't you dare try to stop me

I'm gone

Livin'

For a dream so far away

Tryin'

To cover up for what we are

We can't escape from it

We have to fight for it

My heart is evicted

I gotta protect it

Don't you dare try to break it

I'm gone

My body is fragile

So please let me rest now

Don't you dare try to stop me

I'm gone

It's a shame

That we start lying

It's a shame

That we didn't die in it (?)

My heart is evicted  
I gotta protect it  
Don't you dare try to break it  
I'm gone  
My body is fragile  
So please let me rest now  
Don't you dare try to stop me  
I'm gone x2
