I want a perfect moment  
I wanna go tonight  
I wanna see the star shoot out of the pitch black sky

I wanna start a fire  
I wanna burn tonight  
I want a world in motion  
I wanna see the signs  
Race through my mind

All I want now is a White Light Moment  
Come with me tonight  
Monochrome city the colors fading  
Watching the world in your eyes

Take me around the planet  
Take me through space and time  
Paint me a perfect picture and make sure you cross the  
line

Don't let the colors scare you  
It's just a state of mind  
We'll stay out of sight

All I want now is a White Light Moment  
Come with me tonight  
Monochrome city the colors fading  
Watching the world in your eyes

I want a perfect moment  
I wanna go tonight  
I wanna see the star shoot out of the pitch black sky

I want a world in motion  
I wanna see the signs  
Raise through my mind

All I want now is a White Light Moment  
Come with me tonight  
Monochrome city the colors fading  
Watching the world in your eyes

In your eyes  
In your eyes
