Ive been throu the river  
Ive gone throu the storm  
Ive been throu the fire  
the battles ive won  
lets start with November  
i slept by an angel  
that once she agreed  
that is when she felt dead  
i cant even begin to explain  
the pain don cost me  
ill neva b the same  
now while that bullet it hurt  
ill have a whole parking lot  
and ill neva question god  
about how it tore me apart

Chorus  
papa papa you live you cry  
but i got over  
just check your calendar  
they don't have meaning in my life  
think their pretty  
but im a roller  
just check your calendar

December 25 he got on one knee  
he told me forever  
and i took the ring  
we were so young in love  
cloud 9 everyday was like we were in heaven  
he always put me first  
cause im lucky 7  
but things got complicated  
that puweree came brainin  
she said ur 6 weeks pregnant  
i said im only 17 yes so how will i know  
what to do with a baby on my own  
will my family disown me  
will i lose everything  
will ya b there 4 me

chorus

we decided  
to get married  
hav dis baby  
make a family  
and my family  
so happy wit me  
everything seems so blissfully  
October 18 the best day of my life  
i welcomed my treasure  
looked him right in the eye  
and said mommy promises to give you the world  
just u make this girl into a woman now  
6 months later April showers  
lie after lie revealed how it  
hurt me crushed me  
dis man i loved  
loved me  
was it not enough till i give up  
cause he cheated his family
