You take me on this ride  
You make me fell alive  
You say where I been all of your life?  
You said you'd be my man would you proud  
That I brought back your smile  
And You're not happy when I'm not around

But not you change your feelings like you change your  
clothes  
You rode the roller coaster not the thrill is gone

But Baby

No one wants to be with someone who don't care  
So say if you don't want me here  
Baby  
You know I love you  
I love being your girl  
But please don't do me any FAVORS

You say the word is no  
You don't pick up the phone  
You went from homebody to never home  
You never say you miss me when I'm gone  
You say you're in the zone  
I deserve to love a heart of stone  
Every time we speak it's like [.....]  
It use to be [.....]

And Baby

No one wants to be with someone who don't care  
So say if you don't want me here  
Baby  
You know I love you  
I love being your girl  
But please don't do me any FAVORS

No No

You weren't doing me a favor when you put your best  
foot forward

You weren't doing me a favor when you wanted me on  
your arm  
You weren't doing me a favor when you bringing  
flowers to my doorstep  
You weren't doing me a favor when you wanted to be  
more  
But now you're just like...

Never, Never, Never

Never

You said you'd never lie, You had nothing to hide  
And I stayed down, gave you a second try  
I try to see the good with all the bad  
The laughs with all the sad  
But you don't seem to realize what you have

Used to know that of that, that's why I stay  
You know a girl like me don't come 'round everyday

So Baby

No one wants to be with someone who don't care  
So say if you don't want me here  
Baby  
You know I love you  
I love being your girl  
Just don't do me any FAVORS

You took me on this ride  
You made me feel alive  
So say you still want me by your side....

By your side, By your side, By your side, By your side,  
By your side, By your side, By your side.....
