FEELIN' YOU PART II
- featuring N.O.R.E.

[Rap - N.O.R.E.]

What types of games are bein' played?
How's it goin' down?
This shorty put a smile on ya face
Not a frown (whoa)
I'll take you up town, and show you around the palm
pound
If you want it I got it I'm ready to down (break it down)
And ain't things changed but my drawers and sock
I'm gettin' doors kicked in
Havin wars with cops
I still sustain', maintain' the same old G (whoa whoa)
Its the Solange remix N O R E (NORE Yeah)

[Verse 1 - Solange]

There is this guy, that I'm diggin,
What I've been lookin' for don't know where to begin
We've been talking, not enough
But when we do talk
The things that he says I do love
When I see him, and we talk,
There is this vibe between us I don't wanna stop
So original, and so deep
This guy is, just like me!

[Chorus - Solange]

Hey, uh, let's try somethin
Let's try to be together
Wrong choice of words
I just wan't time together (do it!)
Who's knows we could really like each other
Give me a chance, I'll change your mind forever
You need someone, that could help you
To clear your mind, and that's what I will do.
Cuz baby boo, who'd ever knew (yo yo)
That I'd end up really feelin' you (OK).

[Verse 2 - Solange]

He told me I was beautiful
But what if he tells that to every girl he talks to?
Cuz I'm not, the only,
But actually wish that I could be.
He's what I've been, lookin' for,
Like no other guy that I know!
Because he is, so right,
I swear I think about him from morning to night.

[Chorus - Solange]

Hey, uh, let's try somethin
Let's try to be together
Wrong choice of words
I just wan't time together
Who's knows we could really like each other
Give me a chance, I'll change your mind forever
You need someone, that could help you
To clear your mind, and that's what I will do.
Cuz baby boo, who'd ever knew
That I'd end up really feelin' you.

[Rap - N.O.R.E]

Yo, yo, you see I'm twenty-five
But I'm feelin' like I'm thirty
Hustle hard in the streets
Got my fingernails dirty
I'm a veteran, sell medicine
To pay the con edison
Shorty love of my life
And feel better then
Love her when I'm down, and out, (ohh)
Even love her when I'm wylin' out, (ohh)
Cheat on bark from the blocks that I be on
When a brother's stressed she's the shoulder that I
lean on.

[Bridge - Solange]

Hes got this hypnotizing smile
That makes me stop and realize he's good looking
But that is not what attracted me, tacted me
So fabulously matched me to him
It was his style and persona
How he does what he does
His whole walk how he talks is true
So maybe we should and we could
Put all things aside, spend some time
Cuz I'm feelin' you!

[Chorus - Solange]

Hey, uh, let's try somethin
Let's try to be together

Wrong choice of words
I just wan't time together
Who's knows we could really like each other
Give me a chance, I'll change your mind forever
You need someone, that could help you
To clear your mind, and that's what I will do.
Cuz baby boo, who'd ever knew
That I'd end up really feelin' you.

There is this guy that I'm diggin'
I'd end up really feelin' you
There is this guy that I'm diggin'
I'd end up really feelin' you
There is this guy that I'm diggin'
I'd end up really feelin' you
There is this guy that I'm diggin' diggin'

Music World y'all
Whod ever thought that I..
