When I was just a girl I felt just so alone  
Locked myself in closet thinking, "I was the only  
one"  
Dim light shining on my room  
Locked up in this old cocoon

Look at me, I'm just a girl  
Still feeling so alone  
Looking at myself thinking, "best to come and easy  
go"  
Street light shining on my room  
Locked up in this old cocoon

And all I wanted was the dream of being in love with  
you  
All I wanted was the dream of being in love with you  
All I wanted was the dream of being in love with you  
All I wanted was the dream of being in love with you

When I was just a girl I wore a thousand lives  
In and out of searching for the thing that makes me  
feel alright  
Ten black moments in my room  
Diamonds shimmers from the moon

And now I'm just a girl living in the city life  
Took what I needed from this town and getting down at  
night  
Street light shining in my room  
Getting out the suns up soon

And all I wanted was the dream of being in love with  
you  
All I wanted was the dream of being in love with you  
All I wanted was the dream of being in love with you  
All I wanted was the dream of being in love with you
