Left your heart behind  
when I played us instead I'm up and done  
See I'm just living on the back away from anyone  
And maybe you love me  
but I just left and wanted to run  
Back and forth behind and down  
when you were in and I was out  
We chasing lovers in the front part of the parking lot  
And baby I lost you but I was not to have you by far  
Played around with your heart,  
now I'm playing around in the dark,  
Played around with your heart,  
now I'm fam away apart, yeah  
Played around with your heart,  
guessed I played myself from the start  
Played around with your heart,  
where oh where's the man  
That lended in my hand when I take fall  
I pushed your head over my pills  
until I pushed you far  
And maybe I need you  
but you just won't ever know, whoa

Back and forth behind and down  
when you were in and I was out  
We chasing lovers in the front part of the parking lot

And baby I tell you but you forget to ever do cause  
I played around with your heart,  
now I'm playing around in the dark, wuhu  
Played around with your heart,  
now I'm fam away apart, yeah  
Played around with your heart,  
guessed I played myself from the start  
Played around with your heart, and I want you back  
You back, you back, you back  
I've been playing around with your heart too long, whoo  
And I now I played around and got caught  
And now I play myself in the dark  
Oh baby I've played around with your heart,  
and I'm playing around in the dark, wuhu

Played around with your heart,  
now I'm far away apart, yeah  
Played around with your heart,  
guessed I played myself from the start  
Played around with your heart.
