S-O-L-O S-T-A-R,
that's how I roll
Solo stars keep rockin',
don't follow nobody's lead, lead
S-O-L-O S-T-A-R,
that's how I roll
I'm startin' my own style
and I'm takin' it to the street, street

Yeah I hate seein' people, rock the same style
At the same time, they think that it is fly
Well yo, you really need to know, yeah,
your looks need to be solo
You'll never catch me with something you have up in
your wardrobe

(I'm solo) Yeah, I gotta do my own thing
(Solo) Y'all may not understand me
(Solo) Cuz I dance to a different drum
and y'all really don't want none

S-O-L-O S-T-A-R, that's how I roll
Solo stars keep rockin', don't follow nobody's lead,
lead
S-O-L-O S-T-A-R, that's how I roll
I'm startin' my own style and I'm takin' it to the
streets streets

From my hair to my socks, down to my cell phone
I rock it solo, and there's things y'all don't know
So look like twins in Versace, BCBG, Gucci, Bebe
Yeah, I like it but don't buy it 'cuz y'all wear
it and ain't for me

(I'm solo) Yeah, I gotta do my own thing
(Solo) Y'all may not understand me
(Solo) Cuz I dance to a different drum
and y'all really don't want none
