I'm usually quiet, I'm a little bit soft spoken
But when you're a part of my world
You shake things up, I must admit you got me open
I'm all in
I can't see nothing else when I'm around you
Vision goes when you enter the room
I hear your voice and then it comes hard to move
I come in a trance from your love
You got me acting like I'm somebody else
I'm not this way when I'm all by myself
It must be the way you keep me under your spell
Push my buttons and I, I, transform
Transform, transform, I, I, pass away I transform

Boy you got me feeling caught up
Like I'm tangled in your web lost in the moment
But it doesn't matter as long as I'm here with you
I love everything you make me do
So struck by you

I can't see nothing else when I'm around you
Vision goes when you enter the room
I hear your voice and then it comes hard to move
I come in a trance from your love
You got me acting like I'm somebody else
I'm not this way when I'm all by myself
It must be the way you keep me under your spell
Push my buttons and I, I, transform
Transform, transform, I, I, pass away I transform

My friends think I'm crazy cause they see the change in
me
But I don't really care cause they don't really know you
You take me places that I have never seen
You got me right where you want me, right where you
want me
You got me acting like I'm somebody else
I'm not this way when I'm all by myself
It must be the way you keep me under your spell
Push my buttons and I, I, transform
Transform, transform, I, I, pass away I transform.
