My hearts won't let you go (ok, ok)
I love you Romeo (you're my juliet girl come on)
Love has truley been good to me
Not even one sad day or memory i had since u came
my way.
I hope you know i'll gladly go
Any way you take me
Ain't no limit to this love
I'll follow you to the moon in the sky
The first time i met you i didn't sweat you
My juliet i knew that i'd catch
Gave you the key to my heart you unlocked it
A perfect match you the plug i'm the socket
As time moved on we became friends
I knew it was love at first site
And it wasn't about the dividens
You was there when i needed you
I remebemer writing letters on the road i wanna be wit
you
I know we young and we got time
Little soldiers need love
So girl i wanna make you mine
We can roll together go to shows together
My best friend girl lets grow together
Love has truley been good to me
Not even one sad day or memory i had since u came
my way.
A memory i had since you come my way
I hope you know i'll gladly go
Any way you take me
Ain't no limit to this love
I'll follow you to the moon in the sky
We grew up together rode buses together
You mom called us killer bees we stuck together
We were at parks playin hide go seek
I find you or you find me
This was meant to be
They called us little one and shorty
You can find us cubded up at every school party
We studied together balled together
Somebody said cupid must of brought us together
I love yo cute eyes and you love my tight braids

We played video games almost everyday
And when we not together we on the phone
Talkin bout our first kiss and we don't want to be alone
Love has truley been good to me (
