Yes may I help you?

Hello I had a 12:00 appointment with Dr. Dre.

Well Dr. Dre is with another patient right now.
Would you like to reschedule?

Reschedule? Um it must be a mistake.
I must see him I had a 12:00 appointment.

No it's no mistake.
Look Dr. Dre is with another patient either you can wait
or reschedule.

Look I understand all of that. But...

No apparently you don't understand...

You know I'm a workin' person &...

& I work too.

Just where is Dr. Dre?
I need to see him.

Well open up the door & you'll see his big dick fuckin'
somebody!
