Dr. Dre

You in the office of the good doc again, let's walk again

It's like clock again, the hood rock again

You should pop it in, ain't take it out

That shit play on, you can't make it out

The world ain't set for what I'm about to do

Ninety-six tracks mixed down to two

I stepped out the booth, called up Snoop

Like toucan, Dre got colorful loops

Snoop Dogg

We can shoot, we can scrap

We can rap, we can act

We can mack these bitches, whatever you want

Ol' bitch ass niggas think it's better to front

Dr. Dre

How it be on the West, forever the hunt

Snoop Dogg

But I won't wear no bull's eye (Bull's eye eye)

Bull's eye is how these fools die (Die die)

Waitin' on school by (By by)

Have you on the news by (By)

Dr. Dre

Y'all know how the story goes

We give a fuck about award shows

Snoop Dogg

Same shit about hoes

Dr. Dre

Real niggas own platinum balls

I ain't got it on my neck nigga check my walls

I think y'all just tryin' to insight us

Yo I see how the world can't see these Eastsidaz

All y'all wanna criticize, fuckin' with us tryin' to get a ride

That's when my shit flies

Snoop Dogg
And here's where the pimp lies

Dr. Dre
I spit game at the globe
First week deuce five

Kokane
I'd rather be ridin' than walkin'
While all you loud mouth niggas keep talkin'
All you high paid niggas stay fly
I'ma slide left, fly right on by
I'ma do it on the boulevard
Fast bitches, fast cars and stars
Stayin' boxed up eatin' caviar
Lookin' for the next play to have it all, ah nah
