What's the Difference between me & you?

What's the Difference between me & you?

Dr. Dre:

Back when Cube was rollin' wit Lorenzo in a Benzo

I was bangin' wit a gang of instrumentals

Got the pens & pencils, got down to business, but
sometimes

The business end of this shit can turn your friends
against you

But you was a real nigga, I could sense it in you

I still remember the window of the car that you went
through

That's fucked-up, but I'll never forget the shit we been
through

& I'm a do whatever it takes to convince you

'Cause you my nigga Doc & Eazy I'm still wit you

Fuck the beef, nigga I miss you & that's just bein' real
wit you

You see the truth is

Everybody wanna know how close me & Snoop is & who
I'm still cool wit

Then I got these fake ass niggas I first drew with
Claimin' that they nonviolent, talkin' like they... *voice
sample*

Spit venom in interviews, speakin' on reunions

Move units, then talk shit & we can do this

Until then I ain't even speakin' your name

Just keep my name outta yo' mouth & we can keep it
the same

Nigga, it ain't that I'm too big to listen to the rumors

It's just that I'm too damn big to pay attention to 'em

That's the difference.

Chorus: Phish

What's the Difference between me & you?

You talk a good one but you don't do what you
supposed to do

I act on what I feel & never deal wit emotions

I'm used to live in big dog style & straight coastin'.

What's the Difference between me & you?

You talk a good one but you don't do what you
supposed to do

I act on what I feel & never deal wit enotions

I'm used to live in big dog style & straight coastin'.

Xzibit:

Yo I stay wit it while you try to perpetrate, play wit it

Never knew about the next level until Dr. Dre did it

"Yeah!"

I stay committed while you muthafuckers baby-sitted

I smash you critics like a overhand right from Riddick

"Yeah!"

Come & get it, shited on villians by the millions

I be catchin' bitches while bitches be catchin' feelings.

So what the fuck am I supposed to do?

I pop bottles & hot hollow-points at each & all of you

"Come on!"

A heartless bastard, high & plastered

My style is like the reaction from too much acid

Never come down pass it around, you can't handle it

Hang Hollywood niggas by they Soul Train laminates.

What's the Difference between me & you? What?

About 5 bank accounts, 3 ounces & 2 vehicles

Until my death, I'm Bangladesh

I suggest you hold yo' breath 'til ain't none left

Yo that's the difference.

Chorus: Phish

What's the Difference between me & you?

You talk a good one but you don't do what you
supposed to do

I act on what I feel & never deal wit emotions

I'm used to live in big dog style & straight coastin'.

What's the Difference between me & you?

You talk a good one but you don't do what you
supposed to do

I act on what I feel & never deal wit emotions

I'm used to live in big dog style & straight coastin'.

Eminem:

Aight, hold up hold up! Stop the beat a minute!!

I got somethin to say, Dr. Dre, I wanna tell you this shit
right now while this fuckin' weed is in me. The fuck?!

I don't know if I ever told you this

But I love you dawg, I got your muthafuckin' back, just
know this shit.

Dr. Dre:

Right? .. Slim, I don't know if you noticed it
But I've had your back from day 1, nigga let's blow this
bitch.

Eminem:

I mean it dawg, you ever need somebody offed. Who's
throat is it?

Dr. Dre:

Well if you ever kill that Kim bitch, I'll show you where
the ocean is.

Eminem:

Well, that's cool & I appreciate the offer
But if I do decide to really murder my daughter's
mama
I'm a sit her up in the front seat & put sunglasses on
her
& cruise around wit her for 7 hours through California
& have her wavin' at people "Hi!" Then drop her off on
the corner
At the police station & drive off honkin' the horn for her
Raw dawg, get your arm gnawed off
Drop the sawed off & beat you wit the piece it was
sawed off of
Fuck blood, I wanna see some lungs coughed up
Get shot up in the hot tub 'til the bubbles pop up
& they nose & cough snot up, mucus in hot water
That's for tryin' to talk like The Chronic was lost product
That's for even thinkin' of havin' them thoughts thought
up!
You better show some respect whenever the Doc's
brought up!!
So What's the Difference between us? We can start at
the penis
Or we can scream, "I Just Don't Give a Fuck" & see who
means it!

Chorus: Phish
