[intro]

Yeah, at one point, I thought I couldn't live without you  
But now, I don't how the fuck I lived with you  
But I just take that shit as a lesson learned  
That what goes around, comes around  
And yours is comin' muthafucka, believe that

[sole']

Nightmares of love gone wrong  
Got me writin' this song  
Played it out, back in my mind and heart you used to  
belong  
Rewind it back, thought it was nice when 2 became 1  
Bet you never thought sole' would turn and leave you  
with none  
Woulda thought I gave you life, had me bent like a  
comma  
Love turned to hate for fillin' my life with bullshit and  
drama  
Played games, told me lies, steady pullin' these strings  
And put me up in fly ass cribs and had my flossin' them  
things  
While you was runnin' wild, had me busy shoppin' and  
shit  
Hittin' the clubs with my girls, wasn't no stoppin' a bitch  
Throwin' bills like I'm mickey, I was spendin' it fast  
Sure money nice but sure as hell don't make  
relationships last  
Gave my all, did it all, tryin' to make sure it worked  
While you ran the streets and even had me doin' your  
dirt  
Dumb tricks and dumb skits I was pullin' for you  
A dumb bitch and dumb shit I went through  
For the love of you

1 - [tamar]

And you know  
I didn't wanna live without you babe  
Never thought I would throw your love away  
Now I'm gone and you're lonely, it's a shame  
But I did it for the love of you, babe

Repeat 1

[sole']

Woulda gave my life to save yours, nigga  
Push came to shove  
A bullet with your name I'd change to mine  
And nigga, that's love  
Prayers that you'd be spared from wickedness that  
lived in the streets  
And when them niggas you was beefin' wit start  
bringin' da heat  
I got involved in dumb shit that didn't involve me at all  
Had bitches scratchin' up my car and then you havin'  
the gall  
To say it wasn't your fault and that you wasn't to blame  
Thought you would come home after drama, have me  
screamin' your name  
Young and dumb, I took you back pretendin' I couldn't  
see  
You havin' babies on the side while you still fuckin' wit  
me  
Things was never right, forever fight that's what we  
would do  
Then I saw the light my game was tight from runnin' wit  
you  
You had me stressed out and thinkin' that it's time that  
I quit  
So I wouldn't leave, had me believe I wasn't worth shit  
It's crazy, yo it amaze me, these affairs of the heart  
I look back and realize it wasn't love from the start

Repeat 1 (4x)

[sole']

How things can change, one day infatuated, washin'  
your drawls  
Another day, it's screams and fightin' dishes breakin'  
on walls  
Walk in relationship, I'm sane thinkin' that you were too  
A year later, I'm fuckin' crazy, throwin' glasses at you  
And scratchin' up yo car, I take it far, I'm cuttin' yo tires  
Don't understand it, why my heart is steady playin' wit  
fire  
I turned psychotic, you got it, in this sick relationship  
I'm tryin' to run you off the road, you and that broke-  
down bitch  
I'm too fly for that shit, I'm lookin' back in disgust  
The nights I cried, the times you lied all blown away  
with a gust  
Things I did for your love, they was never returned

Gave all the jewelry to my moms and then your pictures  
I burned  
You can't turn no little boy into no grown ass man  
So change yo game and get it tight, if that's your  
previous plan  
Boots is made for walkin', finally learned what life was  
about  
Pulled it together, grabbed my gucci boots and  
stepped the fuck out

Repeat 1 to fade
