Go bananas if you lickin my split with the lavender six  
Sexier than calendar chicks my voice is orgasm to mix  
Have my money accurate  
I don't want my cats to flip they clap and shit  
Real nails, no tips, lips you love to kiss  
And for Amereda sour get my thugs to crisp  
Front row cheering the Knicks illegal pit  
Stack my arithmetic, ridiculous  
I like hard and stiff can you handle it?  
Sole' burn tracks like candle wit  
Independent woman so you don't have to trip  
Baby we can go dutch half pay for it
