Cutting the tree that giving me life

Raise the animals and watch them die

Sky is giving off acid rain

again and again, yo it's the same

I won't worry brotha, don't worry sista

Listen little one, I mean God will protect All of us

brothers and sisters

Gommorah catch a fire, you gonna get burned

Jah got them sitin in the valley of decision.

Russia, America, Asia

Setting the stage for the 3rd World War.

How far we've come, wonderin if I come far

if you end my world in chemical war.

Chorus

you know InI walked in the valley of the shadow of  
death

InI shall fear no evil, for he is with me as well as my

broadend staff to comfort me. He leadith me beside

still waters, He layith InI down in green pastures and

restored InI's soul. SO just...

Pass me the fire babylon burn down  
We gon burn the wickedness with more heat.(Pass me  
the flame)

Pass me the fire, pass me the fire, pass me the heat

(Bob)YO YO YO YO Pass me the fire babylon burn down  
Pass me the flame so I can fling it all around.  
These seven countries in the world keep on making all  
the deals,  
little did they know he was loosing the 7 seals.  
YO Lookin at your heart, you can see it manifest.  
I know what make man great is the heart that's in his  
chest.  
So choose the path of love cause truth and rights could  
never  
rest, and don't worry Jah Jah children cause Selassie I  
protect  
you

Pass me the fire babylon burn down  
We gon burn the wickedness with more heat.(Pass me  
the flame)  
Pass me the fire babylon burn down  
Pass me the flame
