Word of wickedness is pollution, Word of sin that is death. Word of negativity is ungodliness. And mankind,
what do we got coming next? Well in a world rewarding competition, ideology of capitalism I never heard the voice of compassion instead our life consists of criticism.
Chorus They're creeping in negativity woe,
Jah seen them and we never let them win v.2 Why can't we just love now for one another, and help with intentions of love? And with our word, we must grow our
brother, and positive days gonna come. Too many youth
get confused by the system, thinking it's man versus man. We need nice times and InI find high vibes when smiles command. Chorus v.3 Who is your role model gangsta and prosecuter, our president convicted drunk driver. Role model is military, all so mercenary, and we're supposed to respect them when they are lost already
