This is how you do it. Everybody move it
From the left to the right
That's the way you do it
I will prove it (I will prove it)
Come and do it (come and do it)
Everybody sing along, baby
Hey girl, you looking so fine
You know you're on my mind
So maybe you and I
Should spend a little time
'Cause I would like to know
What makes you're body go
I promise I'll be gentle
And take it real slow
This is how you do it. Everybody move it
From the left to the right
That's the way you do it
I will prove it (I will prove it)
Come and do it (come and do it)
Everybody sing along, baby
Oh eh, oh eh oh. Come along, come along (4x)
Honey you're so good
I really think you should
Lay your body down
So we can fool around
I know you wanna do it
So baby let's get to it
I make your body shiver
With the love that I deliver
This is how you do it. Everybody move it
From the left to the right
That's the way you do it
I will prove it (I will prove it)
Come and do it (come and do it)
Everybody sing along, baby
Oh eh, oh eh oh. Come along, come along (4x)
Let's go..
This is how you do it. Everybody move it
From the left to the right
That's the way you do it
I will prove it (I will prove it)
Come and do it (come and do it)

Everybody sing along, baby
Oh eh, oh eh oh. Come along, come along (4x)
This is how you do it. Everybody move it
From the left to the right
That's the way you do it
I will prove it (I will prove it)
Come and do it (come and do it)
Everybody sing along, baby
