Trust

By Solid Base

There was a time when all I wanted

Was to be with you

Never did I hesitate about u

To give my heart

I guess times changes I guess I'm better off

But the angels gave me strenght this what I know

What is wrong what

You do but still you walk in the back

That the devil made for you

But I'm changed now I rearranged now

I can't take you back I'm someone else now

I always trusted you

Now I am over

I let you run my life

Now I'm the only

You never love me right

Now I am stronger

You can come back no more

Cause I'm a lover

They had me locked.... myself I had to keep it still

I still don't know What I felt

The whole time caught up in the drama

You own shut my whole world I acted like your mama

Made excuses for your behavior

You made a mistake I can't do like I save you

I almost fell into engagement

But I came to my senses they don't need for
replacement

I always trusted you

Now I am over

I let you run my life

Now I'm the only

You never love me right

Now I am stronger

You can come back no more

Cause I'm a lover

I can not say I've put my foot down every often

I can not say I knew enough was enough

Then I was your chair and I walk like you wanted to

I was your puppy and I did what you wanted to

Kept it within like a ... flow my love had me going like...
Keep it low keep it coming was the way I went by
You drop balls another day goes by
But somehow I kind of came to my ... all the shadow
I always trusted you
Now I am over
I let you run my life
Now I'm the only
You never love me right
Now I am stronger
You can come back no more
Cause I'm a lover
