Ladies and gentlemen, good evening
Tonight we're gonna talk about dreams
Our dreams (it's alright to dream)
The love, the passion (I said it's ok to dream)
The anxiety to dream
To expose our music to the world (just keep on
dreaming)
Give us a round of appluase, thank you

I should have made since way back when
A kid goes writing before some grown ass men (grown
ass men)
Shh Shh Shh Shh, don't talk just listen (listen)
They just fit into (fit into)
What I written (what I written)
I'm the publisher, you the artist
You just rock it and I get profit.
To take the market, that's my target
My reason never die until they closing my coffin
Sometimes falling (falling)
Can help back often (oh yeah)
It's hard to get in if you ain't ballin (if you ain't ballin)
D ain't ballin (no)
No we ain't ballin
He works at a club (but one day we both will be ballin)
And I'm up in an office
My whole is (these jobs are pointless)
These jobs pointless, poverty paying (but they run us
jointless)
Disappointments, unemployment
Short on mortgage (I can't afford it)
Aight.

We sit back and watch all of the shows
We sit back watching the fancy videos
But we know our time is gonna come
Because we're two of the chosen ones
He have something locked away for me
He only reached down to one gold key
And I'm gonna open it
My music to the world (music to the world)

I'm tired of sleeping, I'm constantly dreaming
Oh my mind's moving way too fast (moving too fast)
Dropped my mixtape, no time has passed (time has passed)
Eh, so I had a little radio play
Things seems to be going the right way
Moved to Cali, came back
Things started slowing down
But, it don't matter, cause I'm back now
Smoke, you really held me down
But a seperation just had to go down
And I learned alot about me
So I'm a get you and i make history.
I ran into the perfect melody
Two genre's of rap and rnb
Introducing to the world, a melody
Now do ya'll hear, do ya'll feel a harmony? (harmony)

We sit back and watch all of the shows
We sit back watching the fancy videos
But we know our time is gonna come
Because we're two of the chosen ones
He have something locked away for me
He only reached down to one gold key
And I'm gonna open it
My music to the world (music to the world)

Grammy's, Billboard's, Soultrain, BET, MTV and on
We on our way,
We're on our way.

I used to bang at the table
Make beats at the table
Spit fire at the table
Watch me flowin before cable
Why, I'm dreaming (dreaming)
I'm dreaming
Me and D on stage and the whole world screaming.

And when we get our foot in the door
We going straight to the top
And no we won't be stopped
Cause we've been (dreaming) (dreaming)
We been dreaming
And when we wake up our dreams will become reality

Fienin, the fienin
The hottest team on the charts
And we double-teaming
The reasons (the reasons)

We give the people what they want
And we hot all seasons

It's ok to dream
I said it's alright to dream
Just make your dreams come true
Do what you got to do for you do you
Just dream
Oh just dream
We been dreaming for so long
Now it's 'bout time time for us to get old
Dreaming
We've been dreaming (oh, oh)
Just keep, just just keep
Just keep on dreaming
