[Intro:]

So baby what's up?  
You tell me  
Come sit over here  
Where?  
On my bed  
And now what?

[Verse 1:]

I want you to lay back, throw up your legs  
Open up, you know what's up  
I'm gonna fulfill all your fantasies  
Giving you all that you want & need  
And after that, the only man you'll want is me  
You don't have a clue of what I could do  
Girl it would feel so good, me inside of you  
Screaming "Don't stop, no" I'm gonna go slow  
You ready, let's go

[Chorus:]

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there

[Verse 2:]

Im hearin thunder, hit the window frame  
It's not your mouth, It's your body callin out my name  
Girl you put the sex in sexual  
The way you let loose & lettin your juices flow  
I want you to ride it all night, and it's feelin kind of tight  
We will be alright, good lovin all night  
Your wish is my command, girl take my hand  
And ri-I-I-ide

[Chorus:]

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there

[Bridge:]

You screamin yes, im screamin no  
Baby wait, not yet  
Don't come just yet  
Girl you are so wet  
Giving me more, more than I bargained for  
Girl since you first walked through my bedroom door  
I wanted to explore, so get on top and  
Don't you stop and, keep it goin  
I'm gonna take you there, can I take you there  
Let me take you to the night cloud of love

Cloud 1, Cloud 2, Now I have you in the mood  
3, 4, 5, 6, Girl now I'm hard as shh...  
7, 8, 9, And you're losin your mind  
Kicking things, screaming things, saying things that  
You've never said before, behind the closed doors  
And now it's time for, my tongue to explore  
And I'm not gonna come back up, until the sun is up  
Now that I'm picking you up, free your mind  
And let your eyes roll to the back of your head  
Wrap your legs around me girl, don't be scared

[Chorus:]

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there

I wanna go on a journey all through your body  
Come close to me, fulfill your fantasy  
I'm loving how you're so close to me  
Can I take you there, let me take you there
