(T.Allen/J.Skinner/A.Smith/L.Campbell/J.St.James)

It was late one night and we  
had a fight  
It seemed like nothing was going right  
You turned around and you walked  
right out the door  
Now it's not the first time it's not  
the last  
I know all about your checkered past  
And we've played this game one  
thousand times before  
Do you remember the night I can  
see it so clear  
All the sweet little things that you  
said in my ear  
There were promises made but I  
think you forgot what you said  
There's a real fine line between  
love and hate  
And I'm not the type to just sit and wait  
I've made up my mind I can't  
wait for you anymore, ok?

Chorus:

When we kiss - ooh ooh ooh ooh  
ooh I get such a rush  
It feels like this - so perfect  
when you give me love  
And when we touch - ooh ooh ooh ooh  
ooh I'll forgive again  
It means so much oh girl I really miss  
when we kiss  
So many days go by and I miss  
you so - If it were up to me I'd  
never let you go  
You're the only true love in my  
life and I want you to know  
All this passion and pain I think  
I'm going insane  
You've got nothing to lose and as  
much to gain  
If you leave me today who's to  
say you might leave me again

Do you remember the night I can  
see it so clear  
All the sweet little things that  
you say in my ear  
There were promises made but I  
think you forgot what you said  
There's a real fine line between  
love and hate  
I'm not the type to just sit and wait  
I've made up my mind I can't  
wait for you anymore, you got it?  
Chorus
