Your king
Come sit closer my baby
Please go down and then maybe
Have your mind set on a little game
I know you know that I want you
Please don't tell me you don't want to
Where you going don't you wanna play?

You rule the day and this world
You're the Queen but you don't get it
You reign from under my skin
You tell me when and where to go but you don't know
I'm your King

The night's not getting any younger
You're in heat, I've got the hunger
Shame on you if you're gonna tell me no
Come sit closer my baby
It's time to go a little crazy
Lust is the leash and you won't let me go

You rule the day and this world
You're the Queen but you don't get it, don't get it
You reign from under my skin
You tell me when and where to go but you don't know
I'm your King

When we dance I let you lead
But that don't mean a thing, no
You think you've got me on my knees
But I'm your King
I'm your King

You rule the day and this world
You're the Queen but you don't get it
You reign from under my skin
You tell me when and where to go but you don't know
I'm your King
Your King
I'm your, I'm your, I'm your
I'm your, I'm your, I'm your King
