July, July, July
Don't go too soon, don't die
Oh my, oh my, July
Don't go too soon, don't die

In rain my dear
we'll dance and cheer
This day, this month, this year
In sun my love
No clouds above
This day, this month, this year

July, July, July
Don't go too soon, don't die
Oh my, oh my, July
Don't go too soon, don't die

At night my knight
The moon's a light
This day, this month, this year
In dawn my friend
We know now when to
This day, this month, this year

July, July, July
Don't go too soon, don't die
Oh my, oh my, July
Don't go too soon, don't die

In rain my dear
we'll dance and cheer
But here comes the sun
My darling you
And I'm a rainbow too

July, July, July
Don't go too soon, don't die
Oh my, oh my, July
Don't go too soon, don't die
