[Intro]

You know it's raining, baby  
Lets go inside, oh yeah  
Keep on doin' what you're doin'  
When you do it babe

Ooh, I see something that I want  
And girl, I'm in the mood  
So let's get it on  
Don't you know the rain always makes my nature rise  
So when I get attention  
I'm gonna wrap your legs around my waist  
That silky thing you're wearing turns me on  
Ya got me so excited  
I just can't get enough  
Don't cha know that all I wanna do is make love  
Turn down all the lights  
Cause once I get in I won't let you go

[1:]

Ooh, let's make love all day  
Inside while it rains  
Gonna make you wet baby  
Wanna taste your love lady  
Ooh, let's make love all day  
Upstairs we can play  
In between the sheets, lady  
Gonna taste your love baby

Girl, I'm craving you  
So quench my appetite  
I'm just a simple man  
I know what I like  
So you can put me where you want me baby  
And I know you'll take care of me  
My temperature's high, I can't come down  
And only your love is a remedy  
And see I wanna keep you satisfied  
Girl, don't you know once I get in I won't let you go

[Repeat 1]

Come on girl, gimme what I need baby  
Ooh baby, you're so precious  
Ooh baby, I'm gonna give it to you baby  
See I wanna hear you call my name  
Have you spread against the wall  
Stroke your hips you sexy thing  
And make you scream for more  
Let's go and get it on  
And we can do it 'till the break of dawn

[Kieaum - Da Golden Child]  
Ooh, what, say what, forget the forplay  
Get your love wet for me  
Straight down, give it up to me  
You're a tease, you be lovin' how I'm rubbin' you  
And touch you right, forever wanting nothing less than  
me  
Eight deep in your love zone, unmake the sheet you  
never alone  
And really moan when you're feeling the zone  
While the rain can't stop, won't stop, lettin' off my rock  
Keepin' it hot 'till the early morn'  
Now you wanna take a ride up top  
Wiggling your hips, lickin' your lips  
You make a playa wanna turn from what he did  
Drink to the left, drop dribble a lot  
Now yo unever get enough of this  
Want me? It's gotta think Greek  
Feelin' all sides double jeep  
Kieaum, he young don from the "A"  
Got a taste for the cute face  
Booty taking up space, keeping it laced up  
On a Solo set, don't make him wait

[Repeat 1]

[Repeat 1]

Now see what the rain made me do?
