I ain't got a dollar but I'm feeling like a millionaire  
You know that we're already there  
I ain't got the answers but I guess I never really cared  
You know that we're already there

I'm gonna make it  
and god, we'll all be famous  
Was that kid who had no patience  
I just smiled and showed my braces  
I'm bot to flip on everything  
Me and my crew no Taylor Gang  
Never listen, to the No's  
cuz I'm always coming back like a boomerang  
I'm moving out, hi Billy Joel  
I go all in man stop and go  
Got a shaggy head  
I'm a burban kid  
Better catch him cuz he bout to blow  
I'm up all night  
Dreaming of days when I catch flights  
Studio all day  
Sound check all night  
Me and my team pop bottles  
Models, they can have 'em  
Don't need that got my girl  
My prime girl, she the baddest  
Bread fells get fed well  
Gotta keep it moving like treadmill  
Fly teams, my dreams  
I'm making music while I'm in the bed still  
I'm the bomb? Hell yes  
Kill this shit like John West  
Bout to be everywhere  
Move to the side, I'm next  
No this is my version  
Flow tighter than 10 virgins  
Almost there, I changed the hair  
You don't like it I don't care

I ain't got a dollar but I'm feeling like a millionaire  
You know that we're already there

I ain't got the answers but I guess I never really cared  
You know that we're already there

Everybody in the world can you hear me  
Put your hands in the air if you with me  
This goes out to the dreamers everywhere  
You know that we're already there
