Big dreams in a little town  
You got a little but of flow  
Getting better now  
Took a few steps back  
Got a better sound  
Backtrakcing made it now  
We getting hella pounds  
Steady gonna show them  
Steady gonna show her  
Always writing songs  
But her never did his homework  
Never was a bad kid  
Never was a stoner  
Steady bringing home for the fam like Homer  
Instead of hits he wants homers  
And he's waiting for the time he can ride with a  
chauffeur  
To be the guy on the poster  
To be the star bringing energy to music no solar  
But these cities sound foolish  
Instead of focus on a life he makes music  
Sometimes it feels like he's climbing up a mountain  
Gotta make it soon life hangs in the balance

Big dreams in a little town  
Got a little bit of flow getting better now  
Big dreams in a little town  
Never thought I'd get the props that I'm getting now

All these other people got no idea  
Of how hard my parents worked just so I could  
persevere  
Now let me make it clear  
That I'm gonna make it there  
Funny how my haters bomb  
But see now they wanna hear  
Saw me on the youtube  
Young dude so cool  
Be at all my shows and ask if I can post you  
But I never listen  
Ignore like I'm supposed to

Not even pointing fingers but you know that I showed  
you  
I was just too big for the town  
Too big for it then, too big for it now  
Lost all of my friends  
Loving the crowds  
And I haven't got to rest in a bed for awhile  
This is what I want  
And no one can take it from me  
When I make sure my girl don't worry about money  
I'll be bigger than the state  
Bigger than the country  
Keep it all together like my life's in a onesie

Big dreams in a little town  
Got a little bit of flow getting better now  
Big dreams in a little town  
Never thought I'd get the props that I'm getting now
