My girl shuts it all down  
Instead of giving shakes she giving out pounds  
She the dopest girl I've found  
She likes to rock J's and digs my sound  
No girl like her that's for certain  
Only one real when I close that curtain  
Makes me feel like she's worth it  
Can't win her heart by anything you purchase  
She's so pretty  
Love her smell  
Beats my ass in 2K12  
Modern Warfare is her thing  
She can break it down on kids all game  
Dang this crazy, what a Lady  
Imma buy her a Mercedes  
When I make it  
Shit'll be crazy  
And I keep digging that Imma be a baby

I don't know just where you came from  
But I need you now  
If you leave me for the stars  
Was something I would never allow

Like my man vizzy knows  
these type of girls don't come around often  
one that kills a pair of Js  
Knows every starting 5 in the NBA  
and their stats  
and throws shit when her team loses  
Now I don't know about you  
But that's my type of girl right there

She must be from my dreams  
Helps me get shows throughout the week  
Playing with her one out in the streets  
She always knows where I lost my keys  
On my team I'm so lucky  
I'm so buckman she's above me  
Cleopatra, Aphrodite  
She's my chick who likes play fighting

She's the best, kills in sweats  
And when I met you I forgot my ex  
Shits on all 'em  
She's so ballin  
After 2 weeks girl I was fallin'  
In love with a girl who the bomb  
And I love having you on my arm  
And with you girl it's hard to keep calm  
And so that's why I wrote this song

I don't know just where you came from  
But I need you now  
If you leave me for the stars  
Was something I'd never allow  
I didn't know when to expect you  
Or even if you'd come at all  
And baby I'll try to protect you  
I'm still the one you used to call
