I need to ask you a question this thing that I heard it  
got me  
stressin I'm guessin baby comin to you for your  
confession if you  
did it then you best to tell me straight up cause what I  
heard  
completely over whelm me don't try to sell me then  
compell me  
to be packin and gone or better yet I'll pack you up  
before the  
end of the song but if I wanted my complete apology  
you will see  
this can't happen and you know that I don't to believe,  
that you  
will leave forever and let another woman recieve the  
love that you  
you give me everyday I find it hard to conceive, but if  
its true  
then I'm have to tell you this is the end, I'll ask you once  
not  
again, was you f\*ckin my friend  
(chorus)  
Your girlfriends lying baby, it wasn't me, your girl say I  
hit it baby,  
it wasn't me, your girl wants to give it to me, she wants  
to give it  
to me, she wouldn't stop until I let her come and do me  
do me  
(repeat 1x)  
Now let me tell you what she told me, she said that you  
was faking  
and phony, my homie, acting like you don't even know  
me, saying time  
and time again that you was leaving me lonely, riding  
my pony, and  
this chic name Roni, tellin me the way you hit it when I  
left her the  
keys, talking bout the carpet burns that she received to  
the knees,  
the multiple orgasms with the greatest of Eve, the way  
you enter

the way you had her screamin baby with a plea, and  
she was trouble  
from the start when I met her that night, if I leave Dear  
John will  
be the letter you'll find, if you want her you can have  
her, it  
ain't better than mine, it'll be another man's game, it  
ain't  
better than mine  
(chorus) repeat 1x  
I know she lies, but the details were all to clear, and I  
know better  
than to run with everything I hear, trust was never  
probably for us,  
it was perfectly clear, it's been like happily ever after  
the past  
two years, I know she wants you though, she said it the  
night we met,  
now she's taking drastic measures trying to see what  
she'll get,  
she's fightin in a battle that she knows she'll never win,  
steppin  
down to a six when you're workin with a ten, wanna  
walk in my heels,  
wanna walk with my deals, wanna know how it feels I'm  
just being  
for real, I take your word for it this time I'm stayin with  
you,  
make sure it never happen I ain't playin with you  
(chorus) repeat 1x
