(Intro)

"Yeah, see there was this girl..who was real special to me..
and sometimes..things don't work out the way you want'em to.."

Solo

(Chorus)

I gave you all my love, you gave me all ya hate
I gave you all my trust, you gave me time to waste
You tore my heart apart, then left me in the dark
Ya heart shined, and now I'm blind
Oh why'd you go, go x8

(Verse 1)

You, lied to me when you said, you'd neva' leave
Look at me now, I'm down and out
Man overboard I'm drownin' now
I'm drownin' now...
Say It ain't so I was playin' my role
And now you gone away and I'm sayin why'd you go
Ohohoh, Ohohoh..
Oh why'd you go..
I, I can't believe I, I couldn't see, oh..
Ever since me and you was In the date life
Thought me and you would make the great life
Now Its all gone, and It's all wrong
Now you got me singin' all up In this soft song
Damn..How could you just leave me
You told me you need me, you held me you squeezed me
You let go easy..All I do is cry
It was all a lie, It was all a lie

(Chorus)

I gave you all my love, you gave me all ya hate
I gave you all my trust, you gave me time to waste
You tore my heart apart, then left me in the dark

Ya heart shined, and now I'm blind
Oh why'd you go, go x8

(Verse 2)

Now, I'm cryin' out tryna get to you
Some way, somehow
Showin' my tears, hopin' you'd care
Try to reach out, but you disappear
You disappear..
I can't believe I couldn't have it my way
I gave you somethin' special but you threw It all away
Ayeheh, Ayeheh..
All away...
I, I can't believe I, I couldn't see, oh..
You and I, wasn't meant to be
And It looks like I, wasn't meant to see
Cause ya heart did shine, It made me blind
And ain't no doubt, you did me grimes
Damn..How could you just leave me
You told me you need me, you held me you squeezed
me
You let go easy..All I do is cry
It was all a lie, It was all a lie

(Chorus)

I gave you all my love, you gave me all ya hate
I gave you all my trust, you gave me time to waste
You tore my heart apart, then left me in the dark
Ya heart shined, and now I'm blind
Oh why'd you go, go x8
