One of these days I'm going to see you though
Through the thick and thin
No other way but to win
Love is a commitment, not a sin
This is real, don't pretend

I believe I see you through
See you through
I believe I see you Through

I see you through even if you pretend
It is not hard to comprehend
Can be tough sometimes
But got to work it through
It is not easy to do, but

I believe I'll see you through
See you through
I believe I'll see you through

We'll work on it
Make this relationship last
From good times and bad times past
Boy, things are sure moving fast
It'll work, I'll see you through

I believe I'll see you through
See you through
