Hey girl, you're looking pretty good
Don't wanna look away, I'm into you
Watching for things to do, hope all goes well
Waiting for you is what I'm up to

I got my eyes on you
I got my eyes on you

Lets not wait for too long
We have many things looking forward
On to a long time ahead, me and you
No interruptions on this life journey

I got my eyes on you
I got my eyes on you

Looking into a distance, I see us
In this life journey, I see you and me
What else is there to do
Because it's only me and you

I got my eyes on you
I got my eyes on you

I see many years between the two of us
Enjoy every minute of ti, you'll see
Hope you vision the same as me
Together may be, as time pass us by

I got my eyes on you
I got my eyes on you
