I like your kind of girl
You are perfect for my world
Your figure is looking right
You are my kind of girl tonight
I like your style
And I like your smile
You are my lady tonight

Baby I like your style
Your figure is appealing to me
Your smile
Is very soothing to me
Baby I like your style

Come with me for a while
I promise you will like with a smile
You are my kind of girl
Let's see what life has in store
It will be so nice
Just you and me tonite
Come on and roll with me

Baby I like your style
Your figure is appealing to me
Your smile
Is very soothing to me
Baby I like your style

I like your style

I like your style

I like your style

Roll with me baby
