I want all the good things
That a good time will bring
Rock the night away, nothing more to say
I don't know about you, but I need a good time right
now

I want you, I need now
I want you, I need now

Taking the good along with the bad
Good things will conquer
Along with the bad you never had
I don't know about you, but I need a good time right
now

Let's start this journey on a good note
Writing good things on the way
You know now, I have a whole lot to say
I don't know about you, but I need a good time right
now

I want you, I need now
I want you, I need now
