I'm searching for love
But love won't get here
Searched all around
And there's no love to be found
No need to be put down
Maybe good will come my way one day

Love won't come
Cause love won't come

Searched high and low
Fine places to go
If there's any problems let me know
Because love needs to come
But love won't come
Love don't live here

Love won't come
Cause love won't come

There's a lot to be
Between you and me
You'll see
Maybe love will come
That will be between you and me
Let's come together

Love won't come
Cause love won't come
