There's so much of your love  
There's so much of your love  
There will be better days  
There will be better days

When I looked into your eyes  
I felt close to the sky  
Your always on my mind  
You're always there to find

There are more things to be  
Come along with me  
There's so much to do  
So much for me and you

There's so much of your love  
There's so much of your love  
There will be better days  
There will be better days

There's so much of your love  
There's so much of your love  
There will be better days  
There will be better days

When I looked into your eyes  
I felt close to the sky  
Your always on my mind  
You always there to find

There are more things to be  
Come along with me  
There's so much to do  
So much for me and you

There's so much of your love  
There's so much of your love  
There will be better days  
There will be better days

There's so much of your love

There's so much of your love  
There will be better days  
There will be better days
