My lady, a true friend indeed
You're there to satisfy me
Just like my lady
A true friend to me
Just like my lady

You're always there for me
The one to satisfy me
You're there no matter what
A true friend indeed
Just like my lady

My lady, a true friend indeed
You're there to satisfy me
Just like my lady
A true friend to me
Just like my lady

You're always around
Around to be with me
There's a lot for me and you
Always things to do
Just like my lady

My lady, a true friend indeed
You're there to satisfy me
Just like my lady
A true friend to me
Just like my lady

You are the only one for me
