"No More Goodbye"

There will be no more goodbyes
It's been the time of my life
This time it's goodbye
It's been in and out, upside down
But this time it's out
The last time

There will be no more goodbyes
It's been a struggle to try
I can't lie
There will be no more goodbyes

These times have been not to last
From here now and times past
It's time to move on
Let this be the end
But we can still be friends
The last time

There will be no more goodbyes
It's been a struggle to try
I can't lie
There will be no more goodbyes

It's been a struggle to try
I can't lie

No more goodbyes
