Only you
I think only you
Only you

You're the only one for me
You bring all the special times
In life
Bring me more
Things could only get better
All day I think of

Only you
I think only you
Only you
I think only you

Only you is better
You're the one for me
You and I are meant to be
Together always
We'll be together with time
A full time ahead with

Only you
I think only you
Only you
I think only you
