When there's places to go, and things to see  
Who knows where you'll be  
I know, I will keep this between you and me  
You know, I will be coming there real soon  
No need to worry, the flowers will bloom  
We'll have a good time all day until soon appears the  
moon

Cause it's right on right on time  
It's right on right on time yeah!

The next day is a good day to be free  
Between you and me you'll see  
I'm reading on success, that's just me  
Let time wonder, it will have it's way  
Good things will come, not a whole lot to say  
Everything is on time it's OK

Cause everything is right on right on time  
It's right on right on time
