There's nothing but the star in me
Nothing but the star go away
There's nothing but the star in me
Nothing but the star go away

I remember the first time
I saw your face
You were very appealing
All dressed in lace
Conversation revealing
Come on in to my place

There's nothing but the star in me
Nothing but the star go away
There's nothing but the star in me
Nothing but the star go away

So we're going together
That's what they all say
Somuch to talk about
That's what's taking place
Make you my lady
What a wonderful day

There's nothing but the star in me
Nothing but the star go away
There's nothing but the star in me
Nothing but the star go away
